*Breaking the Silence about Sexual Violence
and Childhood Sexual Abuse*

The Durham Rape Crisis Centre is a feminist organization that believes in the equality of all people regardless of race, class, sexual orientation, or gender.

We are committed to taking an active role in our community to end all forms of violence against women and children.

As a Rape Crisis Centre, we work with and provide support services to recent as well as childhood survivors of sexual assault, and their families.

- In Canada, the rate of sexual assault victimization is more than five times higher among women than men (Statistics Canada, 2021)
- Of all sexual assault incidences, 47% are committed against young women aged 15 to 24 (Statistics Canada, 2017)
- Sexual assault offenders are often known to those they victimize. Of self-reported sexual assaults, friends, acquaintances, and neighbours represent 52% (Statistics Canada, 2019)
- In 2019, there were 94 incidents of sexual assault for every 1,000 women with a disability, over four times higher than that among women without a disability (Canadian Centre for Justice and Community Safety Statistics, 2021)
- In 2021, there were 34,242 police-reported sexual assaults. This rate was 18% higher than it was in 2020, and the highest rate since 1996 (Canadian Centre for Justice and Community Safety Statistics, 2022)
